**For any clarification contact: 8125416691**

## MATHEMATICS

1. Refer the books for other number systems. Write about any 2 number systems in detail on A4 size paper.
2. Make a fraction grid.
  - Write  $\frac{1}{2}, \frac{1}{3}, \frac{1}{4}, \dots, \frac{1}{10}$  in a row and in column (like multiplication tables grid).
  - Add each fraction of the row with each in the column.  
Ex:  $\frac{1}{2} + \frac{1}{2} = \frac{2}{2} = 1, \frac{1}{3} + \frac{1}{2} = \frac{5}{6}, \frac{1}{4} + \frac{1}{2} = \frac{3}{4}$
3.
  - Make a protractor using any material.
  - Take any 10 objects and measure their angle.
  - Record their measures and identify the type of the angle. (Record in A4 size paper).
4.
  - Look up old bills of restaurants or groceries in the house.
  - Check the total by adding the amounts for all the items. (Make separate bills as restaurant groceries) use A4 size paper.
5. Learn 2 – 20 tables.
